

I am writing to you as the Chairman of the Conservative Friends of Pakistan.

Conservative Friends of Pakistan (CFoP) seeks to build a stronger, wider and deeper relationship between the Conservative Party, Pakistan and the British Pakistani community in the UK, by bringing together MPs, Councillors, campaigners, supporters, and Conservatives from across the British Pakistani community and the Conservative Family.

We look forward to hearing from you on how we can best provide the necessary support and manpower to make the next General Elections a success for the Conservatives and to help achieve the goal of making the Conservative Party an Inclusive and Diverse Party.

Please join us through our website www.cfop.org.uk or email us at info@cfop.org.uk . We have a host of upcoming events planned for this year in London, Birmingham, Manchester and Leeds. We are also planning to Launch the CFoP North Chapter soon.

We are looking for people who are willing to put themselves forward as Volunteers, Local Councillors, Members of Parliament, Regional Assembly member or any other public office (e.g. School Governor, Hospital Trustee etc).

If you are interested yourself or if you would like to nominate someone who would like to help their community and has leadership skills, please contact us and we will endeavour to bring the Conservative Candidate selection team to your area and organise a meeting with our team members at Conservative Campaign Headquarters.

Kind Regards

Zameer Choudrey CBE

Chairman CFoP
